Practical 11

Aim

You're onboarding a new team and need a project template. Create a basic Express JS app with a /home route. When users visit this route, they should see a greeting message. This route will later serve as a dashboard page. Use this as the base for future web applications.

Code

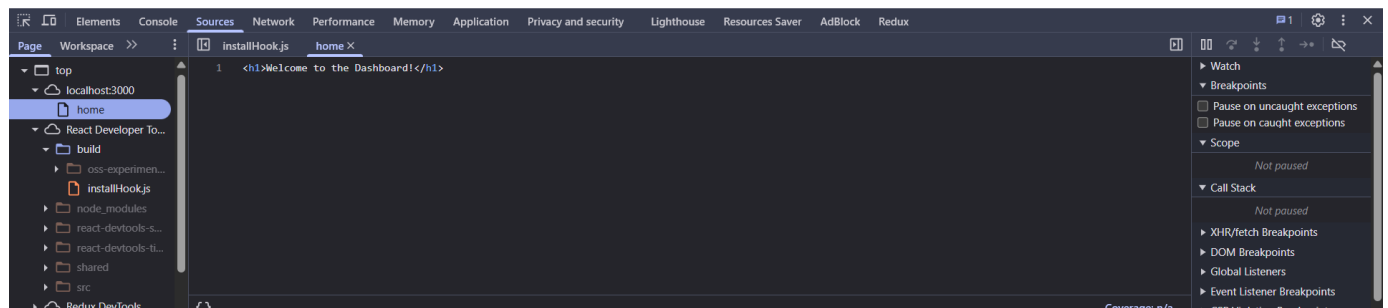

GitHub Repository Link:

<https://github.com/KathanModh259/Full-Stack-Development/tree/master/Practical%2011>

Output

Welcome to the Dashboard!

11.1 /home route
